LISTENING CARD STORY

One day two monsters went to the park to have a picnic. On their way they saw a pond where ten colorful fish were swimming. They also saw three frogs, two were sitting on lily pads and one was rowing a trapezoid shaped boat. In the park they saw one tree with fifty-three leaves and thirteen purple flowers. Twenty-one birds were standing in a tree with no leaves and one hundred black ants were lined up trying to reach their food. The monsters ate cookies of many shapes and many colorful fruit. Sadly, later that day they had terrible stomachaches from eating too much so they decided to leave and see a doctor. They had to wait in front of a stop sign before crossing the street to the hospital but finally they arrived. In the hospital the doctors and nurses were dressed in white and gave them five gold and silver pills. After the monsters had their medicine they went back home very happy and relieved. On their way home they looked up into the night sky and they could see a crescent moon and one thousand stars.
